

# All-Star Calf Roping

Stephens Co. Fair & Expo Center

Duncan, OK

Dear Ropers,

On Thursday, November 26, 2009 the **Sixth Annual All-Star Calf Roping** will pay out \$40,000 to 80 of the toughest calf ropers in the world.

One Hundred fifty invitations will be going out, with only the first 80 responses being guaranteed a position and a shot at the \$40,000 total payout. Entry fees will be \$550. There will be 6 monies paid in each round, 6 in the average, and 4 in the All-Star Shoot Out. Reserve your position today, fees paid in full by November 12<sup>th</sup>, 2009 (**\$50 Late Fee, No Exceptions!**). The remaining entries will be alternates and moved up if any ropers drop out.

The format will consist of 3 full go rounds and average, with 1<sup>st</sup> and 2<sup>nd</sup> place go round winners along with the top 6 average winners, for a total of 12 advancing to the All-Star Shoot Out. These 12 will rope 1 calf each dropping the 4 slowest times for the top 8. The top 8 will rope 1 calf again dropping out the 4 slowest times to get our Final 4. The Final 4 will rope 1 calf with the fastest time winning the Hogg Saddle. Second, third and fourth place winners will receive money.

There will be 80 calves used or 1 calf for each roper. These calves will be used in all 3 rounds. If for any reason your 2<sup>nd</sup> calf is taken out of the draw, a designated pen of 5 calves will be drawn from. These calves will have been conditioned the same as the others, except they will have been roped and tied one time. Also, a pen of 5 calves will have been roped and tied twice for any 3<sup>rd</sup> go draw outs.

The All-Star Shoot Out round will feature 12 calves that will be conditioned properly. To qualify for the All-Star Shoot Out, you must be 1<sup>st</sup> or 2<sup>nd</sup> in a go round or top 6 average; all splits will be taken. However, if a top two winner is also a top 6 average winner, the next place in the average will compete, with a total of 12 ropers qualifying for the All-Star Shoot Out.

Good Luck and see you in Duncan!!

Sincerely,

Chris Neal & Mark Holder
